

# zazen ALKALINE WATER

## Nature's Water Secret for a Wellness Generation

Create Alkaline Mineral Water of exceptional quality & taste in your home, clinic and office today!

### The Story of zazen Alkaline Water

#### Longevity Secrets from the World's Oldest and Healthiest People

Scientists studying the health and longevity of many of the world's oldest and healthiest people discovered the secret lay in the quality of the water they drank every day. They understood the use of water for its curative power was among the earliest "healing" practices of mankind. Indeed, drinking or bathing in springs, streams or pools for therapeutic purposes predates recorded history. In various cultures water has been touted for its healing powers attributed to mineral properties, thermal effects and even supposed supernatural qualities. Legendary "fountains of youth" and reputed miraculous healing shrines like those in Lourdes, France are one example.

#### Scientists Discover How Water Transforms into the Water of Life

What scientists discovered was that water underwent a transformation as it bubbled and cascaded over mineral rocks in pristine mountain streams and as it gushed from underground springs. They discovered that indeed – not all water was the same! That this water had the essential properties that enhanced life and they called it ... "Water of Life".

#### Modernisation and Toxins in Our Drinking Water

Due to global contamination of ground water and municipal chemical water treatment, basic water filters, distilled water, reverse osmosis, water ionisers and bottled water - while arguably clean, do nothing to restore water's original natural healthy life sustaining state.

#### zazen Alkaline Water System Recreates Mother Nature's Water Secret

zazen set out to find state-of-the-art water technologies that created those same essential water qualities that supported longevity and health in some of the world's oldest and healthiest people. Today, in collaboration with leading Japanese and Korean water scientists, zazen have recreated Mother Nature's water secret in the zazen Alkaline Water system, designed specifically for Australian and New Zealand water supplies. The zazen Alkaline Water system offers you the same exceptional quality for optimum hydration and health in harmony with the body's modern day water and health need.

**We know your body will love you for it!**

### The properties of zazen Alkaline Water

- ✓ Alkaline..... ideal for health, detox and longevity
- ✓ Mineralised..... essential for optimum hydration
- ✓ Cleanses..... helps cells to release toxic waste
- ✓ Nourishes..... with a balanced range of essential minerals
- ✓ Hydrates..... immediately at a cellular level
- ✓ Energises..... full of healthy electrolytes for vitality
- ✓ Antioxidant..... helps eliminate free radicals
- ✓ Excellent Quality... clean, fresh, affordable... tastes great!

zazen Water a Social Business Enterprise... gifting zazen Water Systems since 2008

Our zazen Water Ambassador School Program puts free zazen Water Systems into primary school classrooms. Children learn and experience how being hydrated can positively impact the way they feel, behave and perform. We gift free systems to primary schools, maintain them at no cost to schools or parents plus provide Water Ambassador educational aids. **Children love the taste!**

"It's very important to have a water filter that not only removes the increasing harmful water contaminants such as carcinogenic compounds, but one that replaces the minerals that we do need. zazen Alkaline Water provides the mineralisation we need, and takes out the toxins we don't need that weren't in our water 50 years ago! I now have an economically priced system that fits my stringent requirements".

**Pauline Roberts**

Naturopath & Scientific Researcher

## zazen Alkaline Water State-of-the-Art 10 Stage Process

STAGE 1 - Ceramic Filter  
Replace every 12 months

### STAGE 1 - Ceramic Filter

- Constructed of highly compressed and fired Diatomite earth with a pore size 0.2-0.5 micron.
- Prefilters; rust, sediments and organic matter.
- Stops bacteria, cysts, parasites and hazardous micro-organisms.

STAGES 2-7  
6 Stage Filter Cartridge  
Replace every 4-6 months

### STAGE 2 - Silver Activated Carbon

- High quality silver activated carbon inhibits bacteria growth in filter.
- Reduces chlorine, herbicides & pesticides, industrial poisons & MTBE's, Trihalomethanes (THM's), organic chemicals, odours and particulates.
- A purifying surface area of over 68 acres! (Silver is not released into the water).

### STAGE 3 - Fluoride Reduction

- Designed for the effective filtration and reduction of fluoride and arsenic.

### STAGE 4 - Activated Zeolite

- Inhibits bacteria and traps heavy metals such as lead, aluminium, nickel, cadmium and mercury.
- Removes detergents, ammonium, agricultural chemicals and other toxins.

### STAGE 5, 6 and 7 - Bio-Ceramic Pi and FIR Energy Balls + Silica Sand

- Constructed from highly compressed diatomaceous earth and mineral oxides.
- Emits beneficial Far-infrared to energise the water and Pi energy to enhance bioavailability.
- Provides additional filtration to balance pH and neutralises acidic components in tap water.
- "Polishes" the water for brilliant clarity and sparkle.
- Infuses natural silica – renowned for strengthening collagen for radiant hair and nails.

STAGE 8  
Mineral Stones  
Replace after 5 years

### STAGE 8 - Natural Mineral Stones (1kg box)

- Contains calcium, iron, magnesium, potassium, silicon and other trace minerals  
\*WHO – the World Health Organisation recommends drinking water containing all these minerals.
- Helps balance, fortify and assist with pH and increases the amount of dissolved oxygen in the water.
- zazen Mineral Stones are mined from pristine deposits 300 + metres below the earth's surface without damage to the environment.

STAGE 9  
Silver Stones  
Replace every 12 months

### STAGE 9 - Silver Stones Antibacterial Protection (500g box)

- Silver is a natural anti-bacterial agent which by design keeps the lower tank clean and maintenance free.
- The zazen Silver Stones naturally preserve the freshness of the water in the zazen tank through this anti-bacterial effect – ensuring the best quality water is ready to drink all day, every day (Silver is not released into the water).

Water that is stagnant loses much of its life sustaining properties; the mineral stones combined with the silver stones in the bottom tank ensure the water is kept in a balanced healthy state.

### STAGE 10 - Magnetic Energy 1200 Gauss Tap

- In this final stage we surround the water with magnetic energy – just as spring water is exposed to the earth's magnetic energy.
- Restructures - magnetising water creates a free flowing hexagonal structure and also breaks down the size of water clusters for faster, immediate cellular hydration.
- As the water tumbles through the magnetic tap oxygen is increased (a natural anti-oxidant).

### Optional Extra - Alkalinity and Anti-Oxidant Enhancer (AAE) 100g pack

Further increases the pH, alkalinity, essential minerals and antioxidants in your water.

- Releases additional ionised magnesium & calcium minerals, increasing the alkalinity and pH of your water.
- Increases antioxidants by further lowering your water's ORP aiding in neutralising free radicals.
- Increases FIR (vibrational energy) said to assist blood purification, promote growth and inhibit harmful metal ions.

STAGE 10  
Magnetic Tap

Alkalinity & Anti-Oxidant  
Enhancer (AAE)

#### System Capacity

Upper Tank holds 4 litres  
Lower Tank holds 8 litres

#### Warranty & Care

90 day Money Back Guarantee  
5 Year Product Warranty  
Free Customer Reminder Service

#### System Dimensions

Base: 300mm diameter  
Height: 575 mm  
Weight: 5.3 kg
