FILTER CARTRIDGE LIFE	OPERATING SPECIFICATIONS
<ul style="list-style-type: none"> <li>• 12 months / 38,000 LITRES</li> <li>• Replacement zazen Shower Filter Cartridge</li> </ul> <p><b>WARNING</b> – the filter cartridge must be replaced at least once per year. Failure to replace may result in deterioration and instability of the showerhead.</p> <p><b>REGISTER YOUR PRODUCT ONLINE</b> (If you did not purchase from zazen Water directly). zazen will automatically remind you when you need to replace your filter cartridge in 12 MONTHS</p>	<ul style="list-style-type: none"> <li>• Rated Service Flow: 9 litres/min</li> <li>• Rated Capacity: 38,000 litres (12 months)</li> <li>• Operating Pressure: 20 – 110 psi (1.4-1.6 bar / 280 – 700kPa)</li> <li>• Operating temperature: 4 – 48.9° C (40 – 120° F)</li> <li>• Connects to standard Australian Pipe 20mm (inside 15mm)</li> </ul> <p>Complies to NSF/ANSI 177 Water Standard</p>

**\* BACK FLUSH INSTRUCTIONS:** *In areas where there is a high level of water sediment, to improve water flow, open your showerhead and remove the filter cartridge (follow the directions for the filter replacement Step 1). Turn the filter cartridge 180° and reinsert into the showerhead in the opposite direction from which it was previously positioned. Replace the showerhead faceplate – and turn on the water until it runs clear from built up sediment that may be clogging the filter screens.*

- The filter cartridge is reversible and can be used in either direction.
- The media in the cartridge is still usable for the original 38,000 litres or 1 year maximum.

*Enjoy your healthier showering experience  
and thank you for your valued support and custom.*

## INSTALLATION INSTRUCTIONS

**PLEASE READ THE FOLLOWING INSTALLATION PRECAUTIONS AND INSTRUCTIONS CAREFULLY AND COMPLETELY, thank you.**

### ITEMS INCLUDED:

### INSTALLING THE ZAZEN COMPACT SHOWER FILTER (SKU 508)

**STEP 1** Remove Existing Shower head from wall.

**STEP 2** Wrap Teflon tape tightly around the shower pipe threads (clockwise)

**STEP 3** Place your new zazen Shower Filter on shower pipe. Use a soft cloth to protect the finish on the Shower Filter and tighten by hand. The tape helps to seal the connection tightly so water does not leak from the shower pipe - check for leaks and tighten as needed.

### FILTER CARTRIDGE REPLACEMENT & REMOVAL INSTRUCTIONS (SKU 508)

**STEP 1** Hold the body of the Shower Filter Head firmly in one hand. With the other hand, turn the ribbed ring behind face counterclockwise to unscrew.

**STEP 2** Grasp the Filter Cartridge, pull white filter cartridge up and to the side to remove. Replace new filter by pushing it firmly down into the cavity until sealed.

**STEP 3** Align the shower filter whole faceplate counterclockwise. With faceplate aligned screw ribbed ring faceplate in (clockwise).

*Congratulations! We know you will love your healthier shower experience... thank you for your valued custom and support. With appreciation, the zazen Water team*

**LIMITED WARRANTY:** zazen Water warrants to the owner of this product, for a period of 90 days from the date of purchase, that it is free from defects in material and workmanship and agrees that it will, at its option, either repair the defect or replace the defective product or part thereof at no charge to the purchaser for parts and labor.

If within 90 days from the date of purchase the product proves to be defective for any reason, return it post paid to zazen Water at the address below for repair or replacement at no charge, thank you.

This warranty does not of course apply to any product where the exterior of which has been damaged or defaced, which has been subjected to commercial usage, misuse, abnormal service or handling or which has been altered or modified in design or construction.
